PROJECTS

Portfolio Website

My personal website showcases my skills with a clean and modern design and my proficiency in frontend development including HTML, CSS, JavaScript.

Simon Game

Simon Game is a classic memory game where players must repeat a sequence of colors and sounds, testing their memory and pattern recognition skills.

Drum-kit Website

The Drumkit website is an interactive platform that allows users to play virtual drums online using their computer keyboard or touchscreen. The website provides a wide variety of drum sounds that are fun to play.

Newsletter Signup

The Newsletter website is a dynamic platform that utilizes APIs to deliver curated content directly to subscriber's inboxes.
